

Wisconsin Gov. Jim Doyle, on one of his many visits to play, has called Apostle Highlands "the Pebble Beach of the North" which is no praise to be shrugged off lightly. Located 500 feet above Lake Superior's south shore, Apostle Highlands Golf Course offers panoramic views of Chequamegon Bay, Madeline Island and the rugged shoreline all the way to upper Michigan.

The beautiful blue waters of Lake Superior, the world's largest body of fresh water, can be seen from 13 of the 18 holes. Summer offers the opportunity to see dozens of brightly colored sailboats tacking back and forth across the bay.

"BE PREPARED TO HAVE A LOT OF GOOD SHOTS," SAYS PGA PRO BARRY HANSEN, "IF NOT WITH YOUR CLUBS, THEN WITH YOUR CAMERA. PEOPLE GET MESMERIZED BY THE VIEWS."

Apostle Highlands stretches 6300 yards from the blue tees and is playable for almost every golfer. Hole number one is the "signature hole" that has players teeing off across a small-scale replica of Lake Superior complete with a lighthouse on "Isle Royale." A successful drive confers bragging rights - where else can you tell your friends you drove your Titleist across Lake Superior?

After the round, golfers can relax and continue to enjoy the spectacular views from the newly remodeled clubhouse. Expanded dining and beverage options are now available including a fully stocked pro shop where you'll find the perfect souvenir of a perfect golf day.
